In case of the debtor removing to a different county, the decree may be enforced against him there, on being endorsed by the Sheriff-Clerk of the County to which he removes. ### *Form of Proceeding in the Recovery of Small Debts.*

Debts may be recovered in a summary form, before the Justice of Peace Court, to the extent of £5; and before the Sheriff Courts, to the extent of £8, 6s. 8d.

The first step is to set forth, in a complaint or libel, agreeably to a prescribed form, [the Clerks of Court will provide the necessary forms,] the origin of the debt, or ground of action, and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at same time, be obtained to cite witnesses, and to use arrestments.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorise; but in no case by persons practising the profession of the law, without special leave.

If the defender fail to appear, after being cited personally, he will be held as confessed, and judgment will be given against him.

If the defender has not been cited personally, he will receive a second citation; after which, whether given personally or not, he will be held confessed, as above.

But, when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a re-hearing, on consigning the sums decerned for.

If decree in absence be given against the pursuer, he may, within one month, obtain a re-hearing on consigning 2s. 6d. if the case be before the Justices; and the expenses decerned for, if the case be before the Sheriff.

The case will be adjourned, upon the pursuer or defender offering a suitable excuse, or if any witnesses be absent.

If decree be given against the defender, in his personal presence, diligence may proceed against him by arrestment, poinding and sale, at the end of ten days.

If decree be given against the defender, in his absence, poinding and sale, as above, can only follow after a charge of ten days.

The defender, on shewing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff may be executed in any county, on the same being indorsed by the Clerk of such county.

Any arrestments, used in cases before the Sheriff, must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed on offering sufficient caution, or on showing evidence of absolvitor, or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff or Justices, for making effectual arrestments; but, in such actions, both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form, by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary, or, if there be no Circuit Court, by the High Court of Justiciary, at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression, on the part of the Justices; and such reduction will only be competent for one year, and finding caution for costs.

No person shall be exempted from the Jurisdiction of Justices or Sheriffs in such cases, by reason of privilege as a member of the College of Justice.

*Billeting Soldiers.*

Soldiers on the recruiting service, and not lodged in the Barracks, are billeted on the inhabitants in regular rotation, with the following exceptions, viz.:—Parish Ministers and Schoolmasters, Faculty of Physicians and Surgeons, Faculty of Procurators, Widows and Unmarried Ladies, not in business, and who do not keep Lodgers and Paupers; and no inhabitant to have Soldiers billeted on them a second time until the whole are gone over.

Occupiers of houses at £3 and under £5 yearly rent, two men for any number of days under a week—at £5 and upwards, two men for two weeks, or the remainder of the month, which may happen to be seventeen days.

When it is inconvenient to furnish Soldiers with a bed, it has been usual in lieu thereof to pay 3s. a-week for two men, and 2s. to sergeants, payable weekly at the option of the inhabitant. Government allows a return of 1d each day for each soldier. The Billet Master attends from 11 to 3 o'clock on the 4th of each month (when it does not fall on Sunday,) and the two following days, to pay the Government allowance.

III. The following Rules and Regulations shall be observed by the Carters, and shall be strictly enforced in all time coming:—

1st, Every Carter shall enter his name and place of residence in a book to be kept for that purpose, in the Town Clerk's Chambers, and must find security for the faithful and honest discharge of his duty under a suitable penalty; and any carter plying in the streets, and neglecting to find such caution, shall forfeit a sum not exceeding two pounds sterling for each offence.

2d, Every Carter shall be furnished with a badge, which will be numbered according to the order in which his name is entered. These badges must be worn constantly by the Carters when at work; and they must immediately get the number which is on the badge, painted on some conspicuous part of their Carts, under a penalty of ten shillings for each offence.

3d, Every Carter who shall refuse to work when not engaged, or who shall demand higher fares than those specified in the foregoing Table, shall be liable to a penalty of ten shillings for each offence. And every Carter, who says he is engaged, shall, upon being asked, specify the person by whom, and the hour at which he is engaged, and he shall not refuse to be employed in the interval between the time he is so asked, and the hour of his engagement, under a like penalty of ten shillings for each offence.

4th, Every Carter shall be furnished with, and shall always carry about with him, a copy of these Regulations and Fares, which he shall

produce and show, when required, to his employers, under a penalty of ten shillings for each offence. And,

Lastly, Every Carter is hereby enjoined, strictly to attend and conform to the Regulations in the Act 12th Geo. III. cap. 45, and also to the Regulations with regard to the carriage of Timber, in the Act 33d Geo. III. cap. 104, under the several penalties therein-mentioned.

### *Regulations and Table of Fares for the City Porters.*

By the Police Act, Section 103, no person is allowed to ply, or work on the streets of the City or liberties, for hire, as a Porter, without first entering his name, and place of residence, in a book for the purpose, in the Town Clerk's Chambers, and without giving Bond for the faithful and honest discharge of his duty, under such penalty as to the Magistrates shall seem proper, and without having a badge or ticket containing his number.

Persons wishing to be admitted as Porters must apply to the Magistrates, by petition, stating their place of nativity, age, residence, and former employment, and produce satisfactory certificates as to character. On being admitted, and before being allowed to ply, each Porter must implement the above enactment; and he shall thereafter strictly conform to and observe the following Regulations:—

1st, He shall renew his bond at the expiry of three years, and, on the decease of the Cautioner, or his removal from the City; which decease or removal, he shall, within eight days thereof, intimate, in writing, to the Town Clerks, and Superintendent of Police, and he shall also, in the same manner, and within the said time, intimate his own removal or change of residence.

2d, He shall wear his badge or ticket conspicuously on the left breast of his coat, which badge shall be of brass, and have inscribed the words "City Porter," and the number, in the order of his admission; and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurly.

3d, He shall not, when unengaged, refuse employment when offered, whether on his station or not; and, if he allege previous employment, he shall, when required, specify the nature and time of his engagement.

4th, He shall not demand higher fares than those specified in the sub-joined Table; a copy of which Table, with these regulations, and also a small plan of the City, divided into sections of a quarter of a mile, he shall always have in his possession, and produce to persons employing him, when required.

5th, When stations or districts are allotted to Porters, which shall be done by the Superintendent of Police, the Porters, except on extraordinary occasions, such as the Term time, when they are generally employed at *flittings*, shall not offer themselves for hire beyond the district assigned to them.

6th, Not more than four Porters shall stand at any corner of a street or other station; and, as one station may be more advantageous for employment than another, they shall be so arranged as that each may have

an equal opportunity of obtaining it. Thus, if the south corners of Glassford Street shall be deemed the most favourable, the four Porters who have been longest in the service shall take the west corner—the next four in order shall take the east corner—the next four shall take the west corner of Stockwell Street—and the next four the east corner of Stockwell Street; and, when a vacancy takes place, by the employment or absence for a quarter of an hour, of any on the more advantageous stations, in this order—the Porter first on the next station, for the day, shall have the right of moving to it—that is to say, the first of the four at the west corner of Stockwell Street to the west corner of Glassford Street—and the first of the four at the east corner of Stockwell Street to the east corner of Glassford Street; or, the first at the east corner of Stockwell Street may move to a vacancy at the west corner of Stockwell Street. The same rule shall be observed at the Cross, the south end of Candleriggs, and the north end of King Street; the south end of Buchanan Street; and the north end of St. Enoch Street; and at the other parts of the City where there are intersecting streets, or where there are two or more stations near each other.

7th, Not more than six Porters shall resort to or take up a station at any Coach Office, Inn, or other place at which Stage Coaches arrive. On the arrival of Coaches, the Porters shall stand in a line on the kirb-stones of the pavement; and they shall not leave the kirb-stone or interfere with passengers' luggage, till singled out and engaged. They shall not importune, call out, or make any signal to passengers for employment; and, unless specially selected by passengers, they shall take hire in rotation, each in regular succession.

8th, The object of these arrangements being to insure good order on the one hand, and a fair opportunity of regular employment on the other, the Porters must strictly attend to their operation. For this purpose, they may establish rules among themselves, provided these are sanctioned by the Superintendent of Police, who may alter or rescind them, and provided they are not inconsistent with the Regulations hereby enacted. In the event of dispute or misunderstanding among them, the same shall be determined by the Superintendent. And, as a corrective of improper conduct, the Superintendent may remove such as do not comport themselves with propriety, to an inferior station, and promote the next in order.

9th, No Porter shall appear on his station intoxicated; if he does, he shall be removed, and the next in order shall take his place. All Porters are prohibited from standing on the pavement or crossings, to the obstruction or annoyance of the lieges; as also from smoking, when upon their stations, or in any manner giving offence. In general they are enjoined to conduct themselves orderly among themselves, and discreetly towards the public; to obey the instructions of the Magistrates; and to assist the Police in cases of emergency, and on all occasions when required by the Superintendent, or the Officers acting under his authority.

10th, Porters contravening, or not conforming to these Regulations will subject themselves to a penalty not exceeding forty shillings; which penalty shall be awarded, and the Regulations enforced in a summary manner, by the Sitting Magistrate in the Council Chambers or Police Court, who may also dismiss from said employment, and deprive of their badge, such as shall offend.

## REMARKS ON THE TIDES.

THE importance of an accurate knowledge of the times and heights of high and low water, at the different places on the River and Frith of Clyde, seems never to have been duly appreciated, even by those most deeply concerned in the valuable cargoes which daily arrive at or depart from Glasgow, and the various other ports which line the coast of our noble estuary. Had the Trustees of the River Clyde instituted a series of observations on the times and heights of high water at Glasgow, Greenock, and intermediate places, previous to commencing their successive alterations on the channel of the river, a correct estimate could have been formed of the effect produced, by these alterations or improvements, on the velocity of the tidal wave in the river. On account of this having been neglected, (and whose duty is it?) a most excellent opportunity of solving certain highly important problems in Hydraulics has been, in a great measure, lost. The writer, about four years since, made, at his own expense, five months' observations on the times of high water at the Broomielaw, with the view of determining the data for the prediction of these times, and he has since paid particular attention to the differences which exist between the time of high water at Glasgow and the several ports farther down the River and Frith. In 1835 he ascertained that the time of high water at Greenock precedes that at Glasgow from 1 h. 15 m. to 1 h. 45 m. according to circumstances. When the weather is *perfectly calm*, and there is no flood in the river, the tidal wave takes, at an average, 1 h. 25 m. to proceed from Greenock to Glasgow. In May last, and during the summer of 1839, he had the satisfaction of taking part in a series of observations on the Tides of the River and Frith, instituted by Capt. Robinson, R. N. who at present so ably conducts the Ordnance Survey of the coast. The results of these observations prove that the differences of the times between high water at Glasgow and the ports further down the River and Frith, have been greatly overrated. The correct differences are now placed below, and will no doubt astonish those who have been in the habit of considering them about one hour more:—

Letters are collected from the different Receiving-Houses on Sundays and Fast Days, at 8 p. m. only, except Queen Street.

Late Fees are not exacted at the Receiving-Houses; and no Letters are taken in after the time specified in the above scale. When parties wish to send Letters by the Mails after the hours of closing the boxes, they must apply at the Late Window of the General Office, Glassford Street.

Paid Letters to go by the Mails despatched before 8 a. m. must be posted the previous evening before ½ past 10 at the General Office, and before the latest collection at the different Receiving-Houses.

## INSTRUCTIONS FOR USING STAMPS.

All Letters written on Stamped Paper, or enclosed in Stamped Covers, or having Stamps affixed to them, the Stamps in every such case being equal in Value or Amount to the rates of Postage now chargeable on such Letters if pre-paid, will pass *Free* of Postage in whatever part of the UNITED KINGDOM they may be posted.

In those cases where the Value of Stamps on the Letter is less than the Amount of the Postage to which it would be liable, if pre-paid, the Letter will be charged double the Amount of such difference on delivery. An Inland Letter, for example, weighing more than Half-an-Ounce, and not exceeding an Ounce, if bearing only a Penny Stamp, will be charged Twopence on delivery.

The same Regulation applies to Letters pre-paid by Money, where the full and proper rate of Postage has not been paid in advance.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*, if the Stamps, however, should be less in value than the proper rate of Postage to which these documents are subject, only the difference, and not Double the difference, is charged.

Stamps may also be used on Foreign, Colonial, and Ship Letters, &c. *outwards*. If any Letter, however, addressed to places beyond sea, shall bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are *not* permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries*. In such cases, therefore, Letters will be chargeable with the same rates as they would be if not bearing Stamps.

All these Regulations will be applicable to Newspapers in those cases where they are liable to Postage.

It must be distinctly understood that it is optional with the Public either to use Stamps, or to forward their Letters, &c. pre-paid or unpaid, as at present.

The instructions issued in December and on 4th of February last, remain in full force; the only alteration being, that the Stamps are permitted to be used in certain cases instead of the Postage being paid in Money.

*Inland Rates.*

The following concise scale will be all that is necessary to guide the public in the transmission of Inland Letters. It applies to those delivered in the towns where they are posted, and to those transmitted from a General Office to a Penny Post Office, or from one Penny Post Office to another, as well as between General Post Towns.

*Post-Office Regulations.*

No person is now permitted to send or receive letters free of postage. Members, however, of either House of Parliament are entitled to receive free of charge petitions addressed to either House of Parliament, provided they are sent without covers, or in covers open at the sides, and do not exceed the weight of six ounces. Addresses to Her Majesty will likewise go free of postage.

Printed Votes and Proceedings in Parliament will be charged at the following rate between places in the United Kingdom, and between the United Kingdom and the Colonies when conveyed by packet, but not through France nor to the East Indies.

For any weight not exceeding 4 ounces, . . . . . 1d.

For any weight exceeding 2 ounces and not exceeding 8 ounces, 2d.

For any weight exceeding 4 ounces and not exceeding 12 ounces, 3d.

and so on in proportion. No additional charge will be made upon them if the postage is not paid in advance.

Letters of Soldiers and Sailors remain unaltered, with the exception, however, that the privilege given to Soldiers' and Sailors' letters is restricted to the cases in which they shall not exceed half an ounce in weight.

Letters and packets exceeding sixteen ounces in weight, with the exception of those classes mentioned below, cannot be forwarded to their destination, and are sent to the Dead Letter Office to be returned to the sender.

The following are the exceptions to this rule:—

Parliamentary Petitions, and Addresses to Her Majesty,

Parliamentary Proceedings,

Letters and packets addressed to, or received from places beyond sea.

Letters and packets to and from public departments, and to and from public officers who formerly franked by virtue of their office.

Deeds, if transmitted in covers open at the sides. These may, however, be tied with string and sealed to prevent inspection of the contents, though they must be left open at the sides that it may be seen that they are entitled to the privilege.

RE-DIRECTED LETTERS will be charged an additional postage for each re-direction according to the prepaid scale.

#### BOTTLES,

Containing liquid, and articles of a brittle nature, should not be forwarded through the Post, as they are almost invariably broken, either by the operation of stamping or by the friction of the Mail Coaches. It is besides improper so to transmit such articles, as by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their Addresses entirely effaced. For similar reasons, articles having SHARP OR HARD EDGES should not be transmitted through the Post.

#### BANK NOTES, BANK POST BILLS, DRAFTS, &c.

The most secure mode of transmitting Bank Notes, Bank Post Bills, or Drafts, is to *divide each*, and send the halves by different posts, waiting the acknowledgment of the one-half before forwarding the other.

#### COIN SHOULD NOT BE SENT BY POST.

The great increase in the number of *Money Letters* having rendered it impossible, without hazard to the punctual despatch of the Mails, to continue the former practice of entering the addresses of such Letters, and of taking receipts for them on delivery to the parties to whom they were addressed; THAT PRACTICE HAS THEREFORE CEASED, and persons, having occasion to transmit *small sums*, will avoid all risk by sending the money through the medium of THE MONEY ORDER OFFICE, south side of the Bar Lobby, General Office, Glassford Street. The charge for such Orders will be *sixpence* on sums of *two pounds and under*, and one shilling and sixpence on sums between *two and five pounds*. To avoid trouble it must be understood that the party in whose favour the order is drawn must attend *personally* to receive it.

No order will be given for sums beyond this amount.

Money Orders will be given on *all* Post Towns in England, and the under-mentioned Post Towns in Scotland and Ireland.

They can also be drawn by these Towns on each other and London, but those drawn upon London can *at present* only be paid at the General Post-Office; Arrangements are, however, in progress for their *payment at the Branch Offices*.

### Foreign Rates.

The uniform Single Rate on all Letters conveyed by Packet between the United Kingdom and the British Colonies and Possessions, is One Shilling, with the exception of Letters between the United Kingdom and Malta, the Ionian Islands and India, when passing through France, the Rates on which remain unchanged. Letters, therefore, intended to pass at the reduced Single Rate of a Shilling between these three last-mentioned places and the United Kingdom, should be addressed *via* Falmouth.

Foreign Letters, when transmitted by Packet, are liable to the Single Rates of Packet Postage from Falmouth, Dover and London, as given in the Table below, if posted or delivered at the port. If posted or delivered at any other place, in the United Kingdom, they are subject to the additional Single Rate of Twopence as Inland Postage.

Letters, however, between France and the United Kingdom, and also those in transit through France, are an exception to this rule; the British charge on such Letters is the uniform Single Rate now taken from London.

Letters also between the United Kingdom and the United States of America, and between the United Kingdom and Spain, *via* Falmouth, form a further exception to this rule. No Inland Postage, therefore, is taken on Letters between the United Kingdom and France, and those in transit through France, or upon those between the United Kingdom and the United States of America, or upon those between the United Kingdom and Spain *via* Falmouth.

Letters for Foreign Countries, the pre-payment of which is required, when left at the Office with less than the full Postage, are sent to the Dead-Letter Office, Edinburgh, and, in all cases, returned to the writer when the address is known.

The Single Rate on all Foreign and Colonial Letters, when conveyed by Packet, will accordingly be as follows:—

The single uniform rate on Letters between the United Kingdom and places beyond sea, when conveyed by *Private Ship*, will be 8d. in whatever part of the United Kingdom they may be posted or delivered, and payment must be made in advance.

It is clearly to be understood that the single rates of Postage given in the above instructions are applicable only to Letters not exceeding *half* an ounce in weight. The charge for Postage on Letters exceeding half an ounce, will advance in proportion to their weight, in accordance with the *scale of weight and number of rates*, as laid down in the scale of Inland Rates. It must, however, be borne in mind that this Scale does not apply to *French Rates* on Letters to and from France, and through France, as the present system of charging *French Rates* on such Letters must continue in force, viz. a single French Rate for each quarter of an ounce exclusive.

### French Lists.

Letters for France may be dropped into the box unpaid, leaving the British and French rates to be paid by the receiver.

There is given below a list of all the Post Towns in France, with the French postages attached to each for letters weighing under a  $\frac{1}{4}$  of an ounce; and these rates are increased, charging a single rate for each  $\frac{1}{4}$  of an ounce above that weight.

The following instances will show the manner of charging all French letters:—

When paid to Calais a uniform rate of 1s. 8d. for each ounce can be taken, leaving the French rates to be paid by the correspondent in France, for instance:—

|                                    |         |
|------------------------------------|---------|
| Not exceeding $\frac{1}{2}$ ounce, | 10d.    |
| Not exceeding 1 ounce,             | 1s. 8d. |
| Not exceeding 2 ounces,            | 3s. 4d. |
| Not exceeding 3 ounces,            | 5s.     |

and so on in proportion.

When paid to their destination, the British rate, as given in the foregoing instance, must be added to the French rates, but it must be observed the French rates are not uniform like the British, but vary according to the distance from Calais; and that the mode of charging is likewise different, the French post-office charging a single rate for each *quarter of an ounce*. The following instances, it is hoped, will serve as a key to the whole.

# Scottish Amicable Life Assurance Society.

HEAD OFFICE—141, BUCHANAN STREET, GLASGOW.

THE advantages of Life Insurance were for a long time not sufficiently appreciated by a commercial community; but the increasing knowledge of the subject, and the greater diffusion of societies through the kingdom, have now led them to apply their usual habits of calculation and caution to the subject, and no intelligent person, who is depending upon the endurance of his own personal exertions for having his family comfortably provided for, will neglect to guard them against the risk of his premature death.

*The Scottish Amicable Life Assurance Society* is founded on the most approved system, that of MUTUAL ASSURANCE, securing to its Members the whole profits of a safe and prosperous business.

THIS Company combines every system of Insurance now in use throughout the kingdom.

The *Non-participation* Rates are much below those of other offices, and are intended for parties who prefer an *immediate* saving to *prospective* advantages. To those desirous of securing fixed sums upon Marriage Settlements, in payment of Loans and the like, the reduced Premiums will be found highly advantageous.

The Profits of the Participation Branch are devisable among the Assured of that class who are relieved *from all responsibility* by the large subscribed Capital, and by a numerous and wealthy body of Proprietors. The Company is thus enabled to divide among the Policy holders those accumulations which, in a great measure, are retained by Mutual Assurance Offices to form a guarantee fund, while, in addition to the periodical distribution of Profits, the Assured, at the very commencement, realise a considerable Bonus by the great saving upon their annual Premiums.

The attention of the public is respectfully requested to the following table, showing the Premiums required to insure £100 at the under-noted ages, and which should be compared with those taken by other offices:—

| Age.    | Without Profits. | With Profits. |
|---------|------------------|---------------|
| 20..... | £1 14 7 .....    | £1 18 1       |
| 25..... | 1 18 1 .....     | 2 1 6         |
| 30..... | 2 2 0 .....      | 2 5 7         |
| 35..... | 2 7 3 .....      | 2 11 3        |
| 40..... | 2 14 5 .....     | 2 19 7        |
| 45..... | 3 4 6 .....      | 3 10 5        |
| 50..... | 3 19 8 .....     | 4 6 10        |

Parties desirous of receiving the sum assured, in their own life-time, will learn the Premiums upon application at the Company's Office.

Annuities are granted upon terms highly advantageous to the public. Life-rent and Reversionary Interests purchased upon liberal terms.

Loans to Heirs of Entail upon Redeemable Annuity.

*Practical Illustration of the Bonus additions declared by this Society.*

A, in the year 1820, being then 40 years of age, insured his life for £3000, paying an annual premium of.....£98 5 0

He is now 60 years of age, and has an actually vested Bonus or Addition, declared and attached to his Policy, of £1116, 6s. 3d. which, with the £3000, the original sum assured, shows the full amount of the sum presently contained in the Policy to be .....£4116 6 3

Were A to die in 1845, after payment of his Premium for that year, the sum payable under the Policy would be .....£4600 11 9

Insurers entering this year will have their Bonus additions vested so soon as declared at next Investigation, in 1845.

Every information may be readily obtained on application to the Manager in Edinburgh, or to any of the Society's Agencies throughout the country.

This Company has been established for the purpose of conducting every branch of Life Assurance on the most liberal and favourable terms, and for affording every possible facility and encouragement to its extension among all classes and ranks.

The Capital of the Company is subscribed by an extensive and influential body of Proprietors, thus affording the most ample security for the fulfilment of its engagements. The Proprietors are required to promote the business of the Company to an extent proportioned to the number of Shares which each holds, in consequence of which there will be a large and constant supply of the best Assurances secured; and, through this united and powerful co-operation, there is every prospect of great benefit to all who shall have transactions with the Company.

Two plans are offered by this Company to Assurers; by the first of which they are entitled to participate in the profits of the Company to the extent of two-thirds; and the principles and periods of division will be fixed according to the more favourable system which the experience of

~~~~~

later years has shown, may be adopted for equitably securing the several interests of those entitled to participate. The rates of premium of the participating scale are lower than those generally charged by Mutual Assurance Societies, and will be found to bear a very favourable comparison with the Tables of other Companies.

By the other plan, the Assurer, if he intend to secure only a certain fixed sum at the least expense, without a view to participation in the profits, as may be often the case in connexion with loans and other money transactions, is enabled at once to attain his object by adopting the Table of Reduced Premiums, which this Company have calculated upon the lowest scale consistent with safety. This advantage Proprietary Companies alone are enabled to offer, as Mutual Assurance Societies have but one scale of Premiums, and one plan of Assurance.

It is occasionally a ground of objection with some to Life Assurance, that at a future period they may be prevented from continuing payment of the Premium, and thus lose most of the benefits which they wished to secure. To obviate this, Tables have been constructed by which a party is enabled, on paying a somewhat higher Premium, spread over that number of years during which he can calculate more certainly upon the continuance of his income, to secure at the end of that period the full amount of his Assurance—or at any time when his circumstances permit, he may redeem the future Annual Premiums by a single payment on advantageous terms.

Parties assured with this Company will be entitled to cash advances to the full value of their policies; or, if they may desire at any period to discontinue their Assurance, they will have an opportunity of doing so, and a liberal sum will be allowed by the Company for a surrender of the same.

Assurers are allowed, without payment of any extra charge, and without obtaining permission from the Directors, to reside any where within the limits of Europe, and, in time of peace, to pass and repass by sea from one part of it to another. Rates of additional Premium for permission to reside beyond the above limits are fixed on a scale better graduated than heretofore to the nature of the risk; and facilities will now be afforded to parties requiring this licence which formerly could not be obtained.

Every advantage will be given by the Company in Redeemable Annuity and similar transactions; and on Redemption, a Policy of Assurance will be delivered at the rate of premium applicable to the age of the party at the date when the transaction was entered into.

Parties who are holders of Policies effected by others *upon their own lives*, on Assignment for onerous causes, after being admitted by the Company, will stand in as favourable a position as if the Policy had been issued in their own names—thus freeing them from the operation of the restrictive clause, which provides for the case of the Assured dying by his own hands, or in any other manner there excepted.

No charge whatever is made against Assurers at entry, under the name of admission-fee; and no expense is incurred except the Stamp-duty, which has lately been much reduced.

The Company will avoid any approach to litigation, or attempt to protract the settlement of just claims upon them; and, should any cause of dispute arise, the matter, if it is desired, will be submitted to the immediate decision of Arbiters.

It will be the constant study of the Directors to carry on the business of the CITY OF GLASGOW LIFE ASSURANCE AND REVERSIONARY COMPANY on such principles of liberality and encouragement, combined with prudence, as will ensure the rapid extension of the advantages which the Company offer to every class of the Community.

*Ages above 60 are considered as Special Risks, and rated according to circumstances.*

In addition to the above, the Company have constructed other Tables, by which parties assuring for the whole period of Life may, in their option, pay the Annual Premium on an ASCENDING SCALE, where the Rates, which are much reduced at entry, gradually increase for certain periods of years, and a fixed Premium is thereafter charged for the remainder of life; or, by another plan, the Premium may be paid annually for a LIMITED NUMBER OF YEARS, at the end of which the Assured are exempt from all further contributions. By a third plan, the sum assured will be paid by the Company ON THE PARTY ATTAINING THE AGE OF SIXTY, or at his decease, should that event previously occur.

Tables of Premiums have also been constructed for ASSURANCES ON SINGLE LIVES FOR SHORT PERIODS, and on JOINT LIVES and SURVIVORSHIPS:—likewise for ENDOWMENTS, whereby a capital sum may be secured, payable to a child on its attaining a given age.

These Rates, and every other information on the subject of Life Assurance and Annuities, may be learned on application at the Head Office, No. 40, St. VINCENT PLACE, and at the Company's Office in Edinburgh.

THIS Institution is strictly a MUTUAL ASSURANCE SOCIETY, and its success has exceeded that of any similar establishment.

The TABLES have been deduced, by strict calculation, from the most recent and approved sources, with such an addition as to provide for perfect security.

The PREMIUMS are more accurately adjusted, and for young and middle ages are about *one-fourth lower* than in other Mutual Assurance Offices.

The PROFITS are wholly divisible among the Members, and that on a new and equitable principle, peculiarly favourable to good lives.

ASSURANCES are effected on every contingency of life, and the Premiums may be paid in any way to suit the convenience of parties.

ANNUITIES—Immediate, Deferred, and Contingent—are granted on very favourable terms.

The Constitution of the Society thus embraces every advantage which Life Assurance is capable of affording to the Members.

On a comparison of the Premiums in the annexed Table, parties holding Policies in other Offices will, in many cases, find it to be their interest to surrender these, and open new ones with this Office. This has been done, with profit, even with Policies of more than twelve years' standing.
